Bsc. Computer Science

Level: 400

12th February, 2024.

The Examination Board,

University of Energy and Natural Resources.

REQUEST FOR RESOLUTION OF MY JAVA GRADE DISCREPANCY

I am Henrietta Abokomah a level 400 BSc. Computer Science student with index number (UEB3515820). I am writing to bring to your attention a pressing matter regarding the grading of my **PROGRAMMING WITH APPLICATION IN JAVA (COMP 303)** course during the first semester of Level 300.

Under the instruction of Professor Benjamin Wejori, a crucial error in my grade has been acknowledged but remains unrectified.

Despite Professor Wejori's admission to the mistake, the delay in correction has led to increased stress and uncertainty on my journey which can prevent me from graduating this year. I kindly appeal for the Board's intervention to expedite the resolution of this matter, ensuring a fair and accurate assessment of my performance.

Your prompt attention to this issue is of utmost importance to my academic progress. Thank you.

Yours faithfully,

.....

ABOKOMAH HENRIETTA
